

PROGRAMME DESCRIPTION

The Bachelor of Finance degree is a specialised undergraduate degree that gives students a solid foundation in financial principles, investment techniques, and risk management. This degree is awarded to students who have completed this degree. Financial accounting, corporate finance, investment analysis, banking, and financial markets are some of the fundamental topics that are covered in the program, which normally lasts between three and four years and extends over several years. Through the application of quantitative and qualitative methods, students acquire the skills necessary to evaluate financial accounts, manage portfolios, and evaluate market trends.

PROGRAMME AIM

The Bachelor of Finance program aims to produce graduates who are able to:

- Possess in-depth and comprehensive theoretical and practical knowledge to provide appropriate solutions to complex financial problems.
- Possess comprehensive managerial and entrepreneurial skills to perform effectively and responsibly in different organizations.
- Use a broad range of digital applications and analytical techniques to support financial functions.
- Demonstrate cognitive, interpersonal, communication, creativity and personal skills.
- Commit and seek leadership ability for ethical and professional development.

CAREER OPPORTUNITIES

With the growing demand for financial skills across industries, a Bachelor of Finance can lead to lucrative and dynamic public and private sector careers, including:

- Financial Analyst.
- Financial Planner
- Accountant
- Investment Banker
- Business Analyst
- Data Analyst

PROGRAMME DURATION

Full-time: 3 Years |
Part-time: 5 Years
