

PROGRAMME DESCRIPTION

The Master of Education (ODL) is a postgraduate program designed to provide advanced knowledge and skills in the field of education through flexible, distance learning. It caters to educators, administrators, and professionals seeking career advancement or specialization. The program emphasizes educational leadership, curriculum development, instructional design, and research-based practice. It promotes independent learning, critical thinking, and innovative pedagogical approaches suitable for diverse educational settings. Through online and blended learning modes, the program accommodates working professionals, enabling them to balance study with other responsibilities. Graduates are well-prepared to contribute meaningfully to educational improvement and policy development at local and global levels.

PROGRAMME AIM

The Master of Education (ODL) program aims to enhance professional knowledge, skills, and competencies in education through flexible, learner-centred delivery. It prepares educators for leadership roles, fosters critical thinking, and promotes innovative teaching practices, enabling graduates to contribute effectively to educational development in diverse and evolving learning environments. The program aims to produce postgraduates who are able to:

- Demonstrate mastery of knowledge and skills in an educational setting.
- Exhibit leadership skills within educational professionalism and ethical practices.
- Display a wide range of suitable digital technologies and advanced numerical skills in an educational setting.
- Determine competencies effectively/ autonomously/ clearly teamwork, leadership and communication skills.
- Show positive attitude and entrepreneurial attributes significantly for continuous professional development in educational settings.

PROGRAMME DURATION

Full Time: 18 months

Part Time: 36 months

CAREER OPPORTUNITIES

A Master of Education (ODL) opens diverse career opportunities in teaching, curriculum development, educational leadership, e-learning, policy-making, and academic research. Graduates can work in schools, higher education institutions, NGOs, or government agencies, often assuming roles such as instructional designer, education consultant, or training coordinator, especially in flexible, remote settings. The program paves the way for a variety of career paths, offering opportunities such as –

- Educational Administrator
- Education Program Manager
- Educational Policy Analysis
