MASTER OF SOCIAL WORK

(R2/0923/7/0007) (09/30) (MQA/FA5380)

PROGRAMME DESCRIPTION

Social work is a professional and academic discipline that describes the application of social theory and research methods to study and improve the lives of people, groups, and societies. It incorporates and utilizes other social sciences as a means to improve the human condition and positively change society's response to chronic problems. The programme deals with the fundamental knowledge of power and resources distributed in the world, and impact political decisions on societies. The purpose of the programme is to assist students to develop knowledge and skills for professional careers in international policy studies. The curriculum for Master of Social Work is also structured such that the students from social science, arts and humanities department from Lincoln University College and from outside of the Lincoln University College could enroll in the program to enrich their capacity in this particular field in order to broaden their sphere of opportunities in the marketplace.

CAREER OPPORTUNITIES:

Social workers are concerned with social problems, their causes, their solutions and their human impacts. Career prospects for social workers are strong. In a volatile and constantly evolving economy, social work is also a profession built for flexibility. Opportunity in the governmental sector is mainly in the community development projects pertaining to health, education, rural development, child, woman and tribal welfare etc. Work in NGOs' can be specific to either urban or rural area.

Most popular social work careers:

Medical Social Worker, Substance Abuse Counselor, Child Welfare Case Worker, School Social Worker

PROGRAMME AIM

The programme lays emphasis on fundamentals of social work practice which communicates to individuals, families, small groups, organizations and communities. It is designed to provide specific knowledge and practice skills in the concentrations of Interpersonal Practice or Innovation in Community, Policy, and Leadership.

·To comprehend and interpret the history of the social work profession and its contemporary structures and issues

·To evaluate research studies, apply research findings to practice, and evaluate their own practice interventions

·To draw on theoretical frameworks supported by empirical evidence to identify with individual progress and conduct across the life span and the communications among individuals and between individual and families, groups, organizations, and communities.
